SUBJECT : [REDACTED] R-2 Receiver Facility, [REDACTED] 25X1A

1. As members of your Facilities Engineering Branch have been informally advised by members of my Engineering Branch, [REDACTED] will require an additional \$100,000 in obligated funds for this project. This increase is a result of several factors, [REDACTED] 25X1A  
[REDACTED] cost escalation, and unrecoverable expenses of the original site being the main ones.

2. In order to avoid any delay in advertising the project, my office should be advised by 12 December 1969 that the additional funds are available. This will permit ample time to prepare and process the obligation document [REDACTED] 25X1A

3. Mr. [REDACTED] will shortly transfer to another Agency component. Mr. [REDACTED] will assume this office's support responsibilities for your Division on those projects previously handled by Mr. [REDACTED] 25X1A
